## **Policies and procedures:**

### **Identity theft prevention and detection and Red Flags Rule Compliance**

#### **Policy:**

It is the policy of Total Sports Care to follow all federal and state laws and reporting requirements regarding identity theft. Specifically, this policy outlines how Total Sports Care will (1) identify, (2) detect and (3) respond to “red flags”. A “red flag” as defined by this policy includes a pattern, practice, or specific account or record activity that indicates possible identity theft.

It is the policy of Total Sports Care that this Identify theft prevention and detection Red Flags Rule compliance program is approved by Total Sports Care, P.C. as of August 1, 2009, and that the policy is reviewed and approved no less than annually.

It is the policy of Total Sports Care that the office manager is assigned the responsibility of implementing and maintaining the Red Flags Rule requirements. Furthermore, it is the policy of Total Sports Care that this individual will be provided sufficient resources and authority to fulfill these responsibilities. At a minimum, it is the policy of Total Sports Care that there will be one individual or job description designed as the privacy official.

It is the policy of Total Sports Care that, pursuant to the existing HIPAA Security Rule, appropriate physical, administrative and technical safeguards will be in place to reasonable safeguard protected health information and sensitive information related to patient identity from any intentional or unintentional use or disclosure.

It is the policy of Total Sports Care that its business associates must be contractually bound to protect sensitive patient information to the same degree as set forth in this policy. It is also the policy of Total Sports Care that business associates who violate their agreement will be dealt with first by an attempt to correct the problem, and if that fails by termination of the agreement and discontinuation of services by the business associate.

It is the policy of Total Sports Care that all members of our workforce have been trained by the August 1, 2009 compliance date on the policies and procedures governing compliance with the Red Flag Rule. It is also the policy of Total Sports Care that new members of our workforce receive training on these matters within a reasonable time after they have joined the workforce. It is the policy of Total Sports Care to provide training should any policy or procedure related to the Red Flags Rule materially changes. Furthermore, it is the policy of Total Sports Care that training will be documented, indicating participates, date and subject matter.

#### **Procedures:**

- I. **Identify red flags.** In the course of caring for patients, Total Sports Care may encounter inconsistent or suspicious documents, information or activity that may signal identity theft. Total Sports Care identifies the following as potential red flags, and this policy includes procedures describing how to detect and respond to these red flags below:
  1. A complaint or question from a patient based on the patient’s receipt of:
    - A bill for another individual:
    - A bill for a product or service that the patient denies receiving:
    - A bill from a health care provider that the patient never patronized; or
    - A notice of insurance benefits (or explanation of benefits) for health care services never received.

2. Records showing medical treatment that is inconsistent with a physical examination or with a medical history as reports by the patient.
3. A complaint or question from a patient about the receipt of a collection notice from a bill collector.
4. A patient or health insurer report that coverage for legitimate hospital stay is denied because insurance benefits have been depleted or a lifetime gap has been reached.
5. A complaint or question from a patient about information added to a credit report by a health care provider or health insurer.
6. A dispute of a bill by a patient who claims to be the victim of any type of identity theft.
7. A patient who has an insurance number but never produces an insurance card or other physical documentation of insurance.
8. A notice or inquire from an insurance fraud investigator for a private health insurer or a law enforcement agency, including but not limited to a Medicare or Medicaid fraud agency.

II. **Detect red flags.** Total Sports Care practice staff will be alert for discrepancies in documents and patient information that suggest risk of identity theft or fraud. Total Sports Care will verify patient identify, address and insurance coverage at the time of patient check-in.

**Procedure:**

1. When a patient calls to request an appointment, the patient will be asked to bring the following at the time of the appointment:
  - Driver's license or other photo ID;
  - Current health insurance card; and;
  - Utility bills or other correspondence showing current resident if the photo ID does not show the patient's current address. If the patient is a minor, that patient's parent or guardian should bring the information listed above.
2. When the patient arrives for the appointment, that patient will be asked to produce the information listed above. **This requirement may be waived for patients who have visited the practice within the last six months.**
3. If the patient has not completed the registration form within the last six months, registration staff will verify current information on file and, if appropriate, update the information.
4. Staff should be alert for the possibility of identity theft in the following situations:
  - The photograph on a driver's license or other photo ID submitted by the patient does not resemble the patient.
  - The patient submits a driver's license, insurance card, or other identifying information that appears to be altered or forged.
  - Information on one form of identification the patient submitted is inconsistent with information on another form of identification or with information already in the practice's records.
  - An address or telephone number is discovered to be incorrect, non-existent or fictitious.
  - The patient fails to provide identifying information or documents.
  - The patient's signature does not match a signature in the practice's records.
  - The Social Security number or other identifying information the patient provided is the same as identifying information in the practice's records provided by another individual, of the Social Security number is invalid.

III. **Respond to Red Flags.** If an employee of Total Sports Care detects fraudulent activity or if a patient claims to be a victim of identity theft, Total Sports Care will response to and investigate the situation. If the fraudulent activity involves protected health information (PHI) covered under the HIPAA security standards, Total Sports Care will also apply its existing HIPAA security policies and procedures to the response.

**Procedure**

If potentially fraudulent activity (a red flag) is detected by an employee of Total Sports Care:

1. The employee should gather all documentation and report the incident to his or her immediate supervisor.
2. The supervisor will determine whether the activity is fraudulent or authentic.

3. If the activity is determined to be fraudulent, then Total Sports Care should take immediate action. Actions may include:
  - Cancel the transaction;
  - Notify appropriate law enforcement;
  - Notify the affect patient;
  - Notify affected physician(s); and
  - Assess impact to practice

If a patient claims to be a victim of identity theft:

1. The patient should be encouraged to file a policy report for identity theft if he/she has not already done so.
2. The patient should be encouraged to complete the ID Theft Affidavit developed by the FTC, along with supporting documentation.
3. Total Sports Care will compare the patient's documentation with personal information in the practice's records.
4. If following investigation, it appears that the patient has been a victim of identity theft; Total Sports Care will promptly consider what further remedial act/notifications may be needed under the circumstances.
5. The physician will review the affected patient's medical record to confirm whether documentation was made in the patient's medical records that resulted in inaccurate information in the record. If inaccuracies due to identity theft exist, a notation should be made in the records to indicate identity theft.
6. The practice medical records staff will determine whether any other records and/or ancillary service providers are linked to inaccurate information. Any additional files containing information relevant to identity theft will be removed and appropriate action taken. The patient is responsible for contacting the ancillary service providers.
7. If following investigation, it does not appear that the patient has been a victim of identity theft; Total Sports Care will take whatever action it deems appropriate.
